

# THERMO

# MELT™

ICE MELTER

**FAST-ACTING  
FORMULA!**

*Effective to:*

**-22°C**

## Fast Action

**THERMO-MELT** combines the most effective deicing blend, creating the desired reaction to initiate deicing and meltdown. **THERMO-MELT** breaks the bond between the ice and the surface area. As **THERMO-MELT** goes to work, its time-released formula stays on the surface area longer, helping to control the freeze-thaw cycle.

## Health and Safety

**THERMO-MELT** is safe to handle without protective clothing. It does not dry out or irritate the skin.

## Non-Tracking

When properly dispensed, **THERMO-MELT** minimizes tracking on floors and carpets.

## Safer Ice Melter

**THERMO-MELT** goes after the ice and snow clearing the way to safety. This specially formulated product contains "Dolomite" for added traction control, further enhancing performance.

## Environmentally Formulated

Nature's own ingredients combine for just the right formula. Unlike some deicers, **THERMO-MELT** works to preserve "Vegetation and Plant Life" when used as directed. With **THERMO-MELT**, there is no slimy residue being tracked in, making clean up virtually non-existent.

## Easily Dispersed & Extended Shelf Life

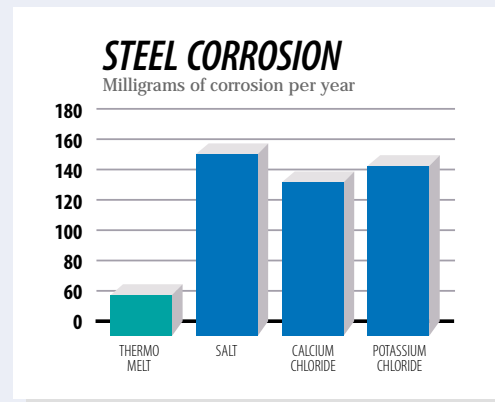

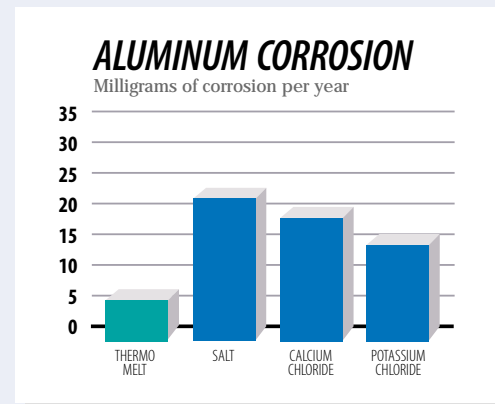

**THERMO-MELT** is specially formulated with an anti-caking agent to allow for free-flowing dispersion.

## Visually Measured

Not only will you see the quick action of **THERMO-MELT** going to work on the snow and ice, specially coated with "BLUE MELT", this product will allow the precise spreading to ensure cost-effective dispersion.

## Anti-Corrosion Formula

**CMA (Calcium Magnesium Acetate)**, is an environmentally benign deicer. Where metal corrosion is a concern, **THERMO-MELT**'s special formula creates a bond between the surface area and the elements to protect against corrosion.

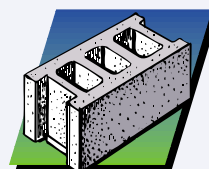

### DOES NOT IRRITATE SKIN

Easy to use, no protective clothing necessary. Safer for children and pets.

### LESS HARMFUL TO VEGETATION

Non-hygroscopic formulation. Won't hurt grass, trees or other vegetation.

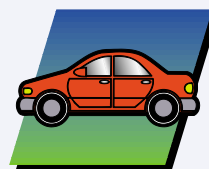

### LESS DAMAGE TO CONCRETE

Reduced damage to wood and concrete makes this one of the safest melters.

### LEATHER AND FOOTWEAR

Non-tracking. Will not harm carpets and floors. Will not damage leather or footwear.

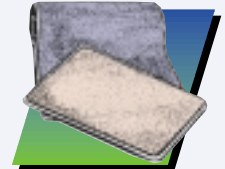

### LESS CORROSION TO METALS

Anti-corrosion agents reduce damage to vehicles, equipment and other metal surfaces.

### NO STORAGE LIMITATIONS

Contains anti-caking agents for longer storage than other competitive products.

### NON-TRACKING

Will not cause unsightly tracking or residue problems on carpets and floors when used properly.
